

How to Replace Your Battery

- 1- Unplug the unit from the power source.
- 2- Remove the battery cover on the device.

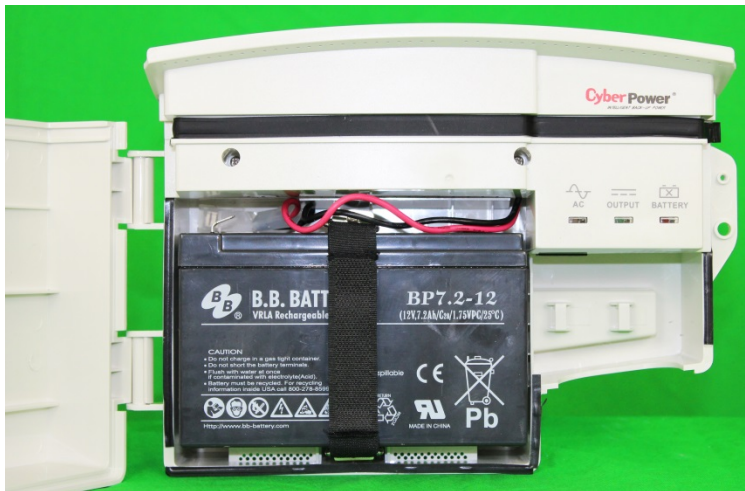

- 3- Disconnect the old battery, first the black lead, then the red.

4- Install the new battery. Connect the red lead first, then the black.

5- If your unit has a battery strap, secure the battery back in the strap. Replace the battery cover.

6- Plug the unit back in to the power source.

7- The unit may take a couple minutes to boot up.

Purchasing Your Own Battery

Replacement batteries can be purchased at any major retailer. The replacement will need to be a 12 volt/7.2 amp hour battery.

Examples:

Amazon – CSB 12V/7.2 Ah Battery

https://www.amazon.com/CSB-GP1272F2-Volt-Sealed-Battery/dp/B00HKJ1FW6/ref=sr_1_1?ie=UTF8&qid=1485463415&sr=8-1&keywords=7.2+amp+hour+12+volt+battery

Amazon – Powermall 12V/7.2 Ah Battery

https://www.amazon.com/Powermall-Rechargeable-Connector-Emergency-Lighting/dp/B01I0VNV1U/ref=sr_1_2?ie=UTF8&qid=1485463415&sr=8-2&keywords=7.2+amp+hour+12+volt+battery
